OBJECTIVE

Seeking a dynamic co-op opportunity in web development starting January 2024. With expertise in React, CSS, Bootstrap, MongoDB, Node.js, and Express, I'm ready to excel in both front-end and back-end tasks. Eager to contribute and grow as a full-stack developer in an innovative team.

EXPERIENCE

Walmart, Sarnia, ON, Sarnia, ON

March 2023 - Present

E-Commerce Associate (Part Time)

- Utilized retail knowledge to efficiently handle daily online orders with high accuracy, improving order fulfillment speed and minimizing discrepancies.
- Managed order concerns, resulting in a 20% decline in customer complaints and decreased out-of-stock situations by enhancing inventory management.
- Delivered exceptional online customer support, addressing inquiries with a 95% resolution rate.
- Fulfilled online orders, including groceries with a 99% accuracy rate, guaranteeing an enhanced shopping experience for customers.

EDUCATION

Lambton College

September 2020 - May 2024

Full Stack Software Development, 3.6/4.0

As a Full Stack Software Development student, I'm acquiring essential skills necessary to pursue a career as a Full Stack Developer, with a comprehensive curriculum encompassing a diverse array of programming languages and frameworks and tools for front-end and back-end web development along with hands-on experience through projects.

Panjab University

August 2017 - September 2020

BCA

- Pursued a Bachelor of Computer Applications degree, gaining proficiency in fundamentals of software development, algorithms and data structures. Throughout academic journey, a diverse array of programming languages including C, C++, Java, and Python, as well as database management, were integral components of coursework.

TECHNICAL SKILLS

Web Technologies: HTML, CSS, JAVASCRIPT, TYPESCRIPT, PYTHON, C#

Frameworks & Libraries: React, Node JS, Express, Bootstrap, Tailwind CSS, Jest

Version Control: Git, Forking

Database Management: Mongo DB, SQL

Package Manager: NPM
